# From the Director's Desk

Prof. Virendra K Tewari  
Director, IIT Kharagpur

“

IIT Kharagpur stands tall on its promise of being dedicated to the nation. In this respect, we aim to provide the industry with a technically high-quality employee pool that lends itself to the growth of various reputed organizations and contributes to our nation-building process. IIT Kharagpur seeks to improve upon this goal every year, the latest developments being the addition of micro-specialisations and the International Summer and Winter Term, arrangements that ensure that our students learn beyond the boundaries of their enriched curricula disciplinary boundaries. What is also encouraging is the students' participation in various technological, innovative ventures, and socio-cultural events in national and international events, considering the importance of these experiences in shaping up their personalities as individuals.

IIT Kharagpur invites the recruiters to the Campus Recruitment Programme and gives this batch of graduating students an opportunity to prove themselves and add value to the organisations they join. We hope this will be a pleasant experience for the recruiters and a step forward in improving upon the past relations and building up new ones.
